EXTRA CURRICULAR ACTIVITIES & CLUBS

At MGGS we have a very extensive range of extra curricular activities and clubs available to enrich our students' learning experience.

By encouraging an inquisitive mind, we aim to enhance our students' experience and love of learning.

Activities and clubs are offered in PE, Art, Drama, Music and many other subject areas where students can take their studies to a higher level, supported by our specialist Teaching staff. In addition, we also run a very successful Duke of Edinburgh's Award.

Each and everyone of our students is welcomed and encouraged to take part in these extra curricular activities and clubs.

"If one girl with an education can change the world, just imagine what 130 million can do."

- Malala Yousafzai
